

# Subject Choice for the Leaving Certificate

The LEAVING CERT is a two year programme of general education. It is not a preparation for any one job or career.

Students take 7/8 exam subjects, three compulsory - Irish, English and Maths, and four/five optional.

## OPTIONAL SUBJECTS:

### Business Group Language

Accounting French  
Business German  
Economics

### Scientific Group Social/Artistic Group

Biology Art, Craft & Design  
Chemistry Geography  
Physics History  
Agricultural Science Home Economics (Social  
Applied Maths & Scientific)  
Music

### Technology Group

Construction Studies  
Engineering  
Design & Communication Graphics

Students have the option of doing the **Leaving Certificate Vocational Pro-gramme (LCVP)**. This programme gives a strong vocational dimension to the Leaving Certificate combining the virtues of academic study with a new and dynamic focus on self-directed learning, enterprise, work and the community. See page on Link Modules for further details.

## GENERAL CONSIDERATIONS:

There are many factors that need to be taken into consideration when making subject choices and the decision must not be taken lightly. However, it is important to draw your attention to the fact that all subjects, except honours maths, are equal e.g. an A in Art is as valuable as an A in Physics for Engineering - one may be more useful than the other when studying Engineering at third level, but they are both scored the same for points.

***Just make sure that you have the required subjects for entry into the course and college you are aiming for.***

***\*All Universities and ITs are awarding a bonus of 25 points to students who achieve a grade D3 or above in higher level maths from LC 2012. Bonus points will be awarded during the 4 year pilot period irrespective of the year in which the examinations were taken. For further information on this please contact the Guidance Counsellor.***

## WHAT YOU NEED TO CONSIDER BEFORE CHOOSING:

Choose subject on the basis of interest, aptitude, possible career paths and achievements to date in the Junior Certificate or class tests. Although it is not essential to have taken certain subjects at Junior

Certificate level in order to study them for Leaving Certificate, it is advisable, as students who have no previous experience of a subject going into Leaving Certificate are usually at a disadvantage. If a student wants to take up a subject they have not studied for Junior Certificate they should firstly, **and most importantly**, speak to that subject teacher; then take a look at the text books and speak to a student that studied the subject for their Leaving Certificate.

### **COURSE AND COLLEGE REQUIREMENTS:**

When researching individual courses there are two factors to look for - basic entry requirements to the college and specific course entry requirements. These are separate requirements but are both essential to be eligible for the course of your choice. A very useful website to check out basic college entry requirements and course entry requirements is [www.qualifax.ie](http://www.qualifax.ie).

### **EXAMPLES OF BASIC ENTRY REQUIREMENTS:**

▣ **UCC: 4 H.L. C3 & 2 O.L. D3 to include Irish, English and a third language.**

▣ For all NUI Colleges except UCC : (See last page of booklet for list)

A minimum of 6 subjects - 2 H.L. C3 & 4 O.L. D3 to include Irish, English and a third language.

**All the NUI colleges (including UCC)** have dropped their language requirement for many of their engineering, science, agricultural and food science pro-grammes. A third language is also not a requirement for nursing programmes. Art is acceptable in place of the language for students entering NCAD.

▣ **Trinity College Dublin:**

A minimum of 6 subjects - 3 H. L. C3 & 3 O.L. D3 to include English, Maths and another language.

▣ **University of Limerick:**

A minimum of 6 subjects—2 H.L. C3 & 4 O.L. D3 to include English, Maths and another language.

▣ **Institutes of Technology - Level 8 Degrees:**

A minimum of 6 subjects - 2 H.L. C3 & 4 O.L. D3 to include Maths and English or Irish.

▣ **Institutes of Technology - Level 6 & 7 Degrees:**

A minimum of 5 subjects - 5 O.L. D3 to include Maths and English or Irish.

▣ **Cadetships in the Defence Forces:**

A minimum of 6 subjects - 3 H.L. C3 & 3 O.L. D3 to include English, Irish, Maths and third language.

### **COURSE ENTRY REQUIREMENTS:**

Course Entry Requirements vary from course to course and from college to college.

**IT IS UP TO YOU TO DO THE RESEARCH! See last page for more information.**

## **SUBJECTS INFORMATION to help you understand and choose**

### **ACCOUNTING**

***If I want to study Accounting in my Leaving Certificate, what aptitudes do I need?***

- ▣ Problem solving skills
- ▣ Good time management
- ▣ Good attention to detail

- Good organisational skills
- Like figures and numbers - NB: you do not have to do higher level maths to do higher level accounting

***Leaving Certificate Accounting V's Junior Certificate Business:***

- Follows on from the basic book-keeping and accounting elements of Junior Certificate Business
- Management Accounting is covered

***Assessment:***

- Written Exam

***Assignments during Course:***

- Accounting Questions
- Learn by doing

***Career Note:***

Accounting is good preparation for business related occupations, but is not essential.

Accounting can be useful for careers in the following areas: Accountancy, Administration, Advertising, Anybody Self Employed, Auditing, Banking, Book-keeping, Building Society Work, Business, Business Law, Business Teacher, Cashier, Clerical Work, Farming, Hotel Management, Insurance, Marketing, Market Research, Production Management, Purchasing Work, Quantity Surveyor, Receptionist, Sales Representative, Store Management, Taxation Work, Tourism, etc.

***AGRICULTURAL SCIENCE***

***If I want to study Agricultural Science for my Leaving Certificate, what aptitudes do I need?***

- Have an interest in animals
- Have access to a farm
- Biology - though not essential, would be very suitable as a second Leaving Certificate Science Subject
- Be able to learn and understand terms

***Leaving Certificate Agricultural Science V's Junior Certificate Science:***

- Much more detailed than the Junior Certificate Science
- The project Component can be worth 25% of the final exam - somewhat similar to the investigation component in the Junior Certificate Science
- The exam format is quite different to that of the other Leaving Certificate Science subjects - more writing!

***Assessment:***

- Project worth 25%
- Written Exam

***Assignments during Course:***

- Writing up experiments
- Project involving (i) A map of a farm which the student has visited, (ii) a write-up of an animal enterprise e.g. a dairy farm, (iii) a write-up on a root crop and grass/cereal crop.
- Identification and collection of known agricultural plants including weeds
- Identification of agricultural animal, their breeds and common pests
- Theory and its practice to be learned

**Career Note:**

Agricultural Science can be useful for careers in the following areas: Agri-journalism, Brewing Technology, Dairy Scientist, Dietician, Environmental Inspector, Farmer, Farm Manager, Food Science Technology, Forestry Inspector, Horticultural Work, Laboratory Work, Renewable Energy, Science Teacher, Veterinary Nurse, Veterinary Surgeon, etc.

**APPLIED MATHS*****If I want to study Applied Maths for my Leaving Certificate, what aptitudes do I need?***

- ▢ Be able to visualise what is happening in systems of moving objects
- ▢ Be capable of doing Higher Level Maths for Leaving Certificate
- ▢ Be self-motivated. You have to work on your own to get real benefit from Applied Maths
- ▢ If you like solving problems you will enjoy Applied Maths

***Leaving Certificate Applied Maths V's Junior Certificate Maths:***

- ▢ Students would want to have achieved a grade A or B in Higher Level Junior Certificate Maths

**Assessment:**

- ▢ 2 ½ hour written paper (6 Q's to do from 10)

**Assignments during the Course:**

- ▢ The course is pure calculation –all problems to be solved.

**Career Note:**

Applied maths is useful for: Architecture, Biophysicist, Computer Careers, Dentist, Doctor, Engineering, Health Inspector, Marine Radio Operator, Medical Laboratory Technician, Meteorologist, Naval Service, Nurse, Pharmacist, Physicist, Physics Teacher, Photographic Technician, Pilot, Radiographer, Scientific Laboratory Technician, Scientific Research, etc. but especially for Civil and Mechanical Engineering.

**Important Timetabling Note: Some of the Applied Maths Classes may be conducted after regular school time**

**ART, CRAFT & DESIGN*****If I want to study Art for my Leaving Certificate, what aptitudes do I need?***

- ▢ Be able to give a personal response to experiences, ideas and pieces of art
- ▢ Be able to write a discursive essay
- ▢ Be able to work from memory, imagination and direct observation
- ▢ Be able to use and understand the art and design elements
- ▢ Be able to use a variety of topics, materials, media and equipment

***Leaving Certificate Art V's Junior Certificate Art:***

- ▢ The main difference is the opportunity to study Art History and Appreciation
- ▢ Practical work expands and develops on from work undertaken in Junior Certificate
- ▢ Drawing skills are emphasised and developed to a more professional level

**Assessment:**

- ▢ Written examination in Art History and Appreciation

- Life drawing and sketching exam
- Choice between Art Design exam and an Art Craft Work exam

**Assignments during the course:**

- Practical work in Art, Craft and Design as well as Life Drawing and Sketching
- History essays and assignments
- Gallery Visits

**Career Note:**

**A portfolio will probably be needed for entry to a Third Level Art Course. Art is acceptable in place of the language requirement for students entering NCAD.** Art is either necessary or useful for the following careers: Advertising, Art Teacher, Architecture, Beautician, Cosmetics Consultant, Crafts, Fashion, Florist, Furniture Design, Gallery and Museum Work, Graphic Design, Hairdress-er, Interior Design, Marketing, Occupational Therapist, Painting and Decorating, Photography, Picture Restorer, Primary Teacher, Printing and Publishing, Sign Writer, Textile Design, Television work, Video Production, etc.

**BIOLOGY**

***If I want to study Biology for my Leaving Certificate, what apti-tudes do I need?***

- Be able to learn and understand facts, terms, principles and ideas
- A good command of English is useful
- Be able to carry out practical work - Lab and fieldwork - safely
- Be able to record and interpret information
- Be able to understand experimental techniques

Leaving Certificate Biology V's Junior Certificate Biology:

- Much more detail
- A wider range of topics to cover

**Assessment:**

▫ New syllabus since September 2002 with three units: (1) study of life; (2) the cell; (3) the organism with 22 mandatory activities.

Assignments during course:

- Experimentations followed by write –ups
- Field ecology

**Career Note:**

Biology can be useful or necessary for careers in the following areas: Agri-culture, Agriculture Research, Ambulance Driver, Beautician, Biochemi-cal, Biologist, Biology Teacher, Catering Superintendent, Chiropodist, Conservation Worker, Cosmetic Consultant, Dairy Scientist, Dental Hy-gienist, Dental Technician, Dentist, Dietician, Doctor, Food Science Technician, Forester, Hairdresser, Health Inspector, Horticulturist, Labora-tory Assistant, Marine Biologist, Medical Laboratory Assistant, Microbiol-ogist, Nail Technician, Nurse, Occupational Therapist, Oceanographer, Optician, Pharmacist, Physiotherapist, Psychologist, Radiographer, Speech Therapist, Veterinary Nurse, Veterinary Surgeon, Zoologist, etc.

**BUSINESS**

***If I want to study Business for my Leaving Certificate, what apti-tudes do I need?***

- ▢ Have an interest in Business and Enterprise
- ▢ Be able to analyse and interpret data
- ▢ Be able to write discursive essays

***Leaving Certificate Business V's Junior Certificate Business:***

- ▢ At Leaving Certificate you will look in more detail at issues like people involved in Business, Enterprise, Industrial Relations and Marketing

***Assessment:***

- ▢ Written Exam

***Assignments during course:***

- ▢ Continuous assessment exercises
- ▢ Case studies on local, national and international Business

***Career Note:***

Business is very useful, but not essential, in order to study Business at Third Level.

Business can be useful for careers in the following areas: Accounting, Ad-ministration, Banking, Book-keeping, Business, Clerical work, Company Secretary, Economics, Hotel Management, Industry, Insurance, Law, Man-agement, Marketing, Purchasing, Sales, Self Employment, Taxation,

***CHEMISTRY***

***If I want to study Chemistry for my Leaving Certificate, what aptitudes do I need?***

- ▢ Have adequate practical skills in order to carry out the mandatory experiments
- ▢ Be able to work safely in the laboratory
- ▢ Be able to draw graphs and diagrams
- ▢ Familiarity with calculator use
- ▢ Be able to learn and understand facts and terms
- ▢ Be reasonably good at maths

***Leaving Certificate Chemistry V's Junior Certificate Chemistry:***

- ▢ Much more detailed
- ▢ Much more practical work and related theory
- ▢ New topics e.g. Organic Chemistry, Thermo chemistry

***Assessment:***

- ▢ Written Exams only - incorporates assessment of practical work which was carried out during the course

***Assignments during Course:***

- ▢ Writing up experiments
- ▢ Problem solving exercises
- ▢ Theory to be learned (including definitions)

***Career Note:***

Chemistry can be useful or necessary for careers in the following area: Archaeologist, Brewing Technology, Chemistry Teacher, Cosmetic Science, Dairy Scientist, Dental Craftsperson, Dental Hygienist, Dentist, Doctor, Dietician, Engineer, Food Science Technology, Forensic Scientist, Forestry

Inspector, Health Inspector, Industrial Chemist, Laboratory Work, Nurse, Optician, Pharmacist, Physiotherapist, Pilot, Radiographer, Speech Therapist,

### **CONSTRUCTION STUDIES**

***If I want to study Construction studies for my Leaving Certificate, what aptitudes do I need?***

- ▢ Experience of Technical Graphics, Materials Technology (wood), Metal Work and/or Art would be useful, but not essential
- ▢ Ability to work safely in a workshop
- ▢ Ability to take clear instructions
- ▢ A genuine interest in the Built Environment

***Leaving Certificate Construction Studies :***

- ▢ This subject does not have a Junior certificate equivalent. Some see it as a follow on from Materials Technology (Wood).
- ▢ The subject deals with all aspects of building a home
- ▢ Covers renewable resources - energy efficient homes, insulation, damp proofing, forces and loads, etc.

***Assessment:***

- ▢ Written theory exam - 50%
- ▢ Project/Portfolio - 25%
- ▢ Practical exam - 25%

***Assignments during Course:***

- ▢ Project work throughout two years.
- ▢ Written Assignments

***Career Note:***

Construction Studies can be useful for careers in the following areas : Architecture, Auctioneering, Bricklaying, Construction Studies Teacher, Building Management, Carpenter, Civil and Structural Engineer, Electrician, Environmental Designer, Fire Fighter, Heating and Ventilation Technician, Insurance, Metal Work Teacher, Painter and Decorator, Plasterer, Quantity Surveyor, Site Clerk, Technical Sales, Town and County Planning, etc.

### **DESIGN & COMMUNICATION GRAPHICS**

***If I want to study Design & Communication Graphics for my Leaving Certificate, what aptitudes do I need?***

- ▢ Problem Solving Skills
- ▢ Be able to work in a structured and methodical way
- ▢ Be organised
- ▢ Be able to work safely in a work shop

***Leaving Certificate Design & Communication Graphics V's Junior Certificate Technical Graphics:***

- ▢ Continuation of work studied at Junior Certificate level.
- ▢ Building and Engineering Applications.

**Assessment:**

- Written Exam - 60%
- Solid works project - 40%

**Assignments during Course:**

- A lot of focus on producing drawings
- Theory work
- Problem solving assignments

**Career Note:**

Design & Communication Graphics is very useful, not essential, for Architecture or Engineering Courses.

Design & Communication Graphics is useful for careers in the following areas: All Engineering and Technical Careers, Aircraft Technician, Architecture, Army, Air Corp, Bricklayer, Carpenter, Cartographer, Construction Studies, Draughtsman, Fitter, Industrial Designer, Maintenance and Service Personnel, Mechanic, Plumber, Structural Design, Technical Sales, Toolmaker, Town Planner, Welder, etc

**ECONOMICS*****If I want to study Economics for my Leaving Certificate, what aptitudes do I need?***

- Have an interest in the economy
- Have an interest in the current affairs
- Be able to analyse and interpret information

***Leaving Certificate Economics V's Junior Certificate Business:***

- It follows on from the basic foundations set down in Junior Certificate Business Studies

***What is Economics?***

Economics is a social science, this is it is the study of human behaviour. Economics is divided into two sections:

- Micro-economics is the study of individual markets i.e. buyers and sellers agree on a price. The price helps decide who gets the goods and services and what factors of production are employed.
- Macro-economics deals with matters affecting the wealth of the whole community call Gross National Product. You will study Banking, International Trade and Finance, the EU, the role of the government in the economy, etc.

**Assessment:**

- Written Exam - 2½ hours

**Assignments during Course:**

- Continuous assessment exercises
- Case studies linking the theory to the real world

**Career Note:**

Economics is very useful, but not essential , in order to study Economics at Third Level.

Economics can be useful for careers in the following areas: Accounting, Administration, Banking, Business, Business Teaching, Commerce, Economics, Engineering, Financial Services, Government, IT, Journalism, Management, Marketing, Politics, Social Work, Stock broking, Trade Unions, etc.

## **ENGINEERING**

### ***If I want to study Engineering in my Leaving Certificate, what aptitudes do I need?***

- Problem solving skills
- It would be an advantage to have studied Metal Work to Junior Certificate Level, but not a necessity

### ***Leaving Certificate Engineering V's Junior Certificate Metal Work :***

- Builds on the skills acquired at Junior Certificate
- Same topics covered in greater depth
- Theory is more detailed in Leaving Certificate

### ***Assessment:***

- Written exam - 50% in H. L., 40% in O. L.
- Project - 25% in H. L., 30% in O. L. - completed during November to March of 6th year
- Practical Exam in May of 6th year - 25% in H. L., 30% in O. L.

### ***Assignments during Course:***

- Practical workshop
- Research, design and completing project
- Class work based on learning new skills
- Theory

### ***Career Note:***

The subject is very useful, but not essential for Engineering at Third Level. Engineering is useful for careers in the following areas: Aircraft Technician, Army/Air Corp, Apprenticeships, Engraver, Engineering Teacher, Fabricator, Fitter, Industrial Design, Industrial Operator, Mechanics, Mechanical Production, Metal Work Teacher, Service and Maintenance Personnel, Structural and Civil Engineer, Technicians, Technical Sales, Toolmaker, Welder, etc.

## **FRENCH**

### ***If I want to study French for my Leaving Certificate, what aptitudes do I need?***

- Be able and willing to develop oral, aural, writing and reading skills in French so that you can develop confidence in a foreign language
- Have interest in the French culture
- Be able to learn independently

### ***Leaving Certificate French V's Junior Certificate French:***

- More focus on oral work
- Continuation of other skills development
- Need to do some work everyday to become very familiar with language

### ***Assessment:***

- Oral Exam - 25% in H.L, 20% in O.L.
- Aural Exam - 20% in H.L, 25% in O.L.
- Written Exam on reading comprehension and writing ability - 55%

**Assignments during Course:**

- Regular participation in oral and aural class work
- Reading comprehensions and writing exercises

**Career Note:**

You must have a foreign language for entry to all colleges of the National University of Ireland i.e.. UCC, UCD, NUI Galway and Maynooth. *(However, recently these colleges have dropped that requirement for many of their engineering, science, agricultural and food science programmes. A third language is also not a requirement for nursing programmes. Art is acceptable in place of the language for students entering NCAD.)* You also need a foreign language to become a Cadet in the Army or Air Corps. Certain Industries and employers think very highly of candidates with foreign language skills. French can be useful for careers in the following areas: Air Steward/Stewardess, Air Traffic Controller, Au Pair, Bilingual Secretary, Business, Careers in Export, Chef, Courier, Hotel Management, Hotel Receptionist, Human Resources, International Marketing, Importer, Interpreter, Journalist, Librarian, Translator, International Driver, Ground Hostess, Pilot, Tourism, Travel Agent, Work in the Department of Foreign Affairs, etc.

**GEOGRAPHY*****If I want to study Geography for my Leaving Certificate, what aptitudes do I need?***

- Be able to develop geographical and vocational skills
- Be interested in active citizenship
- Be able to use information and communications technology

***Leaving Certificate Geography V's Junior Certificate Geography:***

- Builds on the experience of the student at Junior Certificate, introducing Geographical Investigation
- Develops the limited experience of regional Geography at Junior Cycle and allows the student and teacher to specialise on a number of regions

**Assessment:**

The revised Leaving Certificate syllabus for senior cycle Geography was first examined June 2006:

- Ordinary Level: short answer questions and multi part questions
- Higher Level: short answer questions, multi part question and essay type questions
- Both levels will have separate written exam papers –80%
- 20% for report on Geographical Investigation

**Assignments during Course:**

- Class work and homework assignments
- Fieldwork
- Writing up of field work

**Career Note:**

NB: Geography is presently accepted as a Science subject at Trinity College Dublin for both Science and Pharmacy.

Geography is useful for careers in the following areas: Agriculture, Air Traffic Controller, Anthropologist, Architecture, Archaeology, Cartographer, Civil Engineering, Construction, Conservation Work, Courier, Development Work Abroad, Estate Agent, Forestry, Geologist, Geography Teacher, Guide,

Horticulture, International Driver, Market Research, Marine Officer, Meteorology, Mineralogy, Pilot, Statistics, Surveying, Town and County Planning,

## **GERMAN**

### ***If I want to study German for my Leaving Certificate, what aptitudes do I need?***

- ▢ Be able and willing to develop oral, aural, writing and reading skills in German so that you can develop confidence in a foreign language
- ▢ Have interest in the German culture
- ▢ Be able to learn independently

### ***Leaving Certificate German V's Junior Certificate German:***

- ▢ More focus on oral work
- ▢ Continuation of other skills development
- ▢ Need to do some work everyday to become very familiar with language

### ***Assessment:***

- ▢ Oral Exam - 25% in H.L, 20% in O.L.
- ▢ Aural Exam - 20% in H.L, 25% in O.L.
- ▢ Written Exam on reading comprehension and writing ability - 55%

### ***Assignments during Course:***

- ▢ Regular participation in oral and aural class work
- ▢ Reading Comprehensions and writing exercises

### ***Career Note:***

You must have a foreign language for entry to all colleges of the National University of Ireland i.e.. UCC, UCD, NUI Galway and Maynooth. (*However, recently these colleges have dropped that requirement for many of their engineering, science, agricultural and food science programmes. A third language is also not a requirement for nursing programmes. Art is acceptable in place of the language for students entering NCAD.*) You also need a foreign language to become a Cadet in the Army or Air Corps. Certain Industries and employers think very highly of candidates with foreign language skills. German can be useful for careers in the following areas: Air Steward/Stewardess, Air Traffic Controller, Au Pair, Bilingual Secretary, Business, Careers in Export, Chef, Courier, Hotel Management, Hotel Receptionist, Human Resources, International Marketing, Importer, Interpreter, Journalist, Librarian, Translator, International Driver, Ground Hostess, Pilot, Tourism, Travel Agent, Work in the Department of Foreign Affairs, etc.

## **HISTORY**

### ***If I want to study History in my Leaving Certificate, what aptitudes do I need?***

- ▢ Be able to analyse and interpret facts and opinions and use them to support your own views
- ▢ Be able to discuss a statement taking into account arguments "for and against"
- ▢ Be able to learn facts, statistics and legal clauses /acts
- ▢ Be able to learn how to extract information from primary documents/ maps
- ▢ Be able to write a concise, clear, logical and interesting argument

### ***Leaving Certificate History V's Junior Certificate History:***

- Junior Certificate looked broadly at History from the Stone Age to the 20th century. Leaving Certificate will focus on the late 19th and 20th century.
- The course will cover both Irish and European History looking at personalities, events and their influences especially European wars. Motives will be analysed and alternative actions sought.
- American, African and Asian history will also be looked at.
- More focus will be placed on improving writing skills.

**Assessment:**

- A Project on a special topic will be completed and returned to the Department before students sit their final exam worth 20%
- Final Exam - documents (prescribed case studies) similar but more complex to the Documents Section of the Junior Certificate; map work and essay style questions at H.L or Paragraphs at O.L.

**Assignments during Course:**

- Essay writing
- Project for exam
- Summary writing
- Map work

**Career Note:**

History is useful for careers in the following areas: Archaeology, Barrister, Broad-caster, Civil Service, English Teacher, Garda, History Teacher, Historian, Journal-ism, Judge, Law, Librarian, Museum Work, Researcher, Politics, Prison service, Sociology, Tourism, Trade Union Official, University Professor, Writer, etc.

**HOME ECONOMICS - Social & Scientific**

***If I want to study Home Economics for my Leaving Certificate, what aptitudes do I need?***

- Be able to research, study, analyse and interpret material
- Be able and willing to learn Nutrition and Culinary skills
- Be able to communicate well
- Be organised
- Be able to discuss topics and work in teams

***Leaving Certificate Home Economics V's Junior Certificate Home Economics:***

- Practical cookery assessed through written exams only
- Textile Electives—fashion design, social studies, home design and management
- There is a lot more Sociology e.g. Family /marriage/ relationships/ family problems e.g. alcoholism, gambling, the elderly, housing, problems facing teenagers/ child care development
- In-depth Study of Nutrition, Resource Management and Consumer Studies

**Assessment:**

- Written exam
- Practical assessment in Textile Elective

**Assignments during Course:**

- Practical Work

- Experiments
- Work Sheets
- Group work/ Discussion Work
- Project work.

**Career Note:**

Home Economics is useful for careers in the following areas: Baking, Beautician, Catering, Chef, Child Care, Consumer Adviser, Confectionery, Demonstrator of food, wines, etc., Dietician, Environmental Designer, Food Science, Hairdressing, Health Inspector, Home Management, Home Economics Teacher, etc.

## **LINK MODULES (LCVP)**

**Requirements for the Leaving Certificate Vocational Programme, which is of two years' duration, are as follows:**

- Students take 7 Leaving Certificate subjects, including Irish.
- Two of Leaving Certificate subjects must be selected from one of the designat-ed Vocational Subject Groupings—these are groups of Leaving Certificate subjects which link naturally together (Available from the coordinator Ms. O' Sullivan)
- They must follow a recognised course in a Modern European Language, other than English or Irish.
- They must study two additional Link Modules, Preparation for the World of Work and Enterprise Education.

**Preparation for the World of Work:**

Research and investigate local employment opportunities; develop your job-seeking skills such as letter writing, CV presentation, interview techniques; gain valuable practical experience of the world of work; interview and work shadow a person in a career area that interests you.

**Enterprise Education:**

Organise study visits to local business and community enterprises; meet and inter-view enterprising people on site and in the classroom; plan and undertake interesting activities that will build self-confidence, creativity, initiative and develop your team-work communication and computer skills.

**Assessment:**

- Written Examination in May (40%)
- Portfolio of Coursework (60%)

**Career Note:**

The Link Modules are activity-based units of study which are designed to help stu-dents make connections between school and community, study and future career, enterprise and the business of making a living. They are recognised in points terms by Institutes of Technology and Universities:

Grade: Points

Distinction 70

Merit 50

Pass 30

## **MUSIC**

### ***If I want to study Music for my Leaving Certificate, what aptitudes do I need?***

- Be able to perform individually and in groups (instrumental/singing)
- Have good listening skills
- Be interested in learning how to compose, using notation and technology - you will compose your own pieces of music.

### ***Leaving Certificate Music V's Junior Certificate Music:***

- The course follows on from the course at Junior Certificate level.
- You may use Music Technology in your practical.

### ***Assessment:***

- Practical Exam - can be up to 50%
- Listening and Written Exam - 50%

### ***Assignments during Course:***

- You will study the 4 set works in detail and submit written exercises
- You will have the opportunity to develop your instrumental skills and/or develop your singing voice, as well as enjoy group performance
- There will be an opportunity for you to develop your own musical ideas
- You will spend time listening to a wide range of musical styles
- You will study music notation, melody writing and harmony

### ***Career Note:***

Music is useful for careers in the following areas: Actor, Aerobics instructor, Arranger, Composer, Dancer, Disc Jockey, Entertainment, Film Studies, Folklore Studies, Instrument Maker, Library Work, Music Shop Sales, Sound Engineering, Speech Therapy, Music Therapy, Occupational Therapist, Physical Education, Primary/Secondary Teacher, etc.

## **PHYSICS**

### ***If I want to study Physics for my Leaving Certificate, what aptitudes do I need?***

- Be able to measure physical quantities
- Be able to work safely in a lab
- Be able to use a calculator properly
- Be able to present information in a tabular, graphical, written and *diagrammatical* form
- Be able to learn experiments and use data appropriately
- Be fairly good at maths (B at O.L or above)

### ***Leaving Certificate Physics V's Junior Certificate Physics:***

- More practical work, which makes the theory come alive
- More focus on how physics relates to ordinary and familiar things

### ***Assessment:***

- Written Exam

### ***Assignments during Course:***

- Experiments
- Write up experiments

□ Learn theory - definitions and formulae

**Career Note:**

Physics is useful for careers in the following areas : Architecture, Biophysicist, Computer Careers, Dentist, Doctor, Engineering, Health Inspector, Marine Radio Operator, Medical Laboratory Technician, Meteorologist, Naval Service, Nurse, Pharmacist, Physicist, Physics Teacher, Photographic Technician, Pilot, Radiographer, Scientific Laboratory Technician, Scientific Research, etc

## ***How do I choose in order to cover the majority of options?***

**IRISH, ENGLISH, MATHS...**

**FRENCH/GERMAN**

- If you want to study in any NUI
- If you want to become a Cadet in the Army or Air Corp
- Certain courses e.g. European Studies, Languages, Marketing, Tourism
- IBEC strongly recommend all students take a language

### **SCIENCE SUBJECT(S)**

At least ONE science subject is essential for entry to most university science, medical, engineering, paramedical, technology course, nursing, navy cadet, etc.

***What Science Subject do I choose?***

- *Biology and/or Chemistry are more useful for medical, nursing, food Science and Agriculture fields.*
- *Physics and/or Chemistry are more useful for Engineering and Science Fields.*

**+ 2 SUBJECTS THAT YOU LOVE AND ARE REALLY GOOD AT.**
